[AIDS Education]

AMENDING THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING ARTICLE XVI, SECTION 16.800 TO SECTION 16.803 THERETO, REQUIRING THE HEADS OF THE VARIOUS DEPARTMENTS, OFFICES AND COMMISSIONS OF THE CITY AND COUNTY TO MAKE AVAILABLE TO CITY EMPLOYEES INFORMATION FOR THE PREVENTION OF HUMAN IMMUNODEFICIENCY VIRUS (HIV) AND ACQUIRED IMMUNE DEFICIENCY SYNDROME (AIDS).

Note: These sections are new.

Be it ordained by the People of the City and County of San Francisco:

Section 1. FINDINGS. The first cases of the disease now known as acquired immune deficiency syndrome (AIDS) were identified in 1981. Since then the disease has become an epidemic. As of September 1986, more than 24,500 cases had been reported in the United States, and between 1 million and 1.5 million people in the United States probably are infected with the virus that causes AIDS.

Today, great progress has been made in understanding AIDS. Much is known about the virus that causes it, about the ways in which the virus is transmitted, about the acute and chronic manifestations of infection, and about its impact on society.

Although this knowledge is incomplete, it is extensive enough to permit projections of a likely 10-fold increase in AIDS cases over the next five years, to provide a basis for planning for the provision of health care and to guide policy decisions on public health, and to envisage strategies for drug and vaccine development.

It is, however, unlikely that a vaccine or satisfactory drug therapy for human immunodeficiency virus (HIV) infection or AIDS will be available in the near future. But action can be taken now to reduce further the spread of HIV infection and thus to alter the course of the epidemic.

For at least the next several years, the most effective measure for significantly reducing the spread of HIV infection is education, especially for those individuals of higher risk. People must have information on ways to change their behavior and encouragement to protect themselves and others, and to prevent the further spreading of the disease.

The present federal effort is woefully inadequate in terms of both the amount of educational material made available and its clear communication of intended messages. Therefore, the Board of Supervisors declares that it is in the public interest to require the heads of the various departments, offices, boards and commissions to provide all City employees with information ~~devoted exclusively to education~~ for the prevention of HIV infection and the spread of AIDS.

There are basically three different educational programs that would need further development:

A program to provide basic understanding about AIDS to reduce the fear of employees in certain working areas (e.g. emergency response workers).

A program to provide basic understanding about AIDS and the importance of proper referrals for those at-risk and who are HIV infected (e.g. Department of Social Services).

A program to provide a basic understanding about AIDS and eliminate common misconceptions about AIDS (e.g. employees of the Tax Collectors Office).

AMENDING PART II, CHAPTER V OF THE SAN FRANCISCO MUNICIPAL CODE (HEALTH CODE) BY ADDING SECTIONS 265 THROUGH 265.3 THERETO, PROVIDING FOR POINT OF RETAIL SALE WARNINGS FOR ALCOHOL.

Note: All sections are new.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Part II, Chapter V of the San Francisco Municipal Code (Health Code) is hereby amended by adding Sections 265 through 265.3 thereto, to read as follows:

SELECTING AND SETTING ASIDE ADDITIONAL LAND AT CENTRAL FIRE ALARM STATION-JEFFERSON SQUARE FOR THE CONSTRUCTION OF AN EMERGENCY OPERATIONS/COMMUNICATIONS CENTER.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Findings

The Board of Supervisors, pursuant to Section 6a of Article XIV of the 1898 and 1929 Charters and Sections 11.101 and 11.102 of the 1932 Charter, has the authority to select and set aside by ordinance additional land in Jefferson Square for the construction of buildings and structures to serve as a central communication station to allow for effective response to City-wide emergencies.

In 1914, this Board set aside land in Jefferson Square for the construction of a central fire alarm station to improve the City and County's capacity to respond generally to emergencies. In our complicated modern day society we have enhanced resources and capabilities to react effectively to everyday emergencies such as fires, accidents and perilous situations throughout the City. However, the City has a need for a central location from which to coordinate assistance and promote communication amongst emergency City agencies on a City-wide basis in the event of a major disaster or calamity in order to provide for the general public safety.

The Board of Supervisors finds that the erection of an emergency communications center as proposed by the Mayor's office of Emergency Services is a use for which this Board may set aside space in Jefferson Square ~~space~~. Because the land at the Central Fire Alarm station in Jefferson Square is not sufficient for said central emergency operations/communications center addition, this Board finds it necessary to allocate additional land at the Central Fire Alarm Station site-Jefferson Square for this purpose.

12/15/87 gmb

Section 2. There is hereby selected and set aside, in addition to the lot, piece or parcel of land heretofore selected and set aside by ordinance Nos. 2732 (May 7, 1914) and 2749 (May 14, 1914) in that certain square or park known as Jefferson Square, bounded on the north by Eddy Street, on the south by Golden Gate Avenue, on the east by Gough Street and on the west by Laguna Street, the lot, piece or parcel of land more particularly described as follows; to wit:

COMMENCING at the point of intersection of the easterly line of Laguna Street with the southerly line of Turk Street; thence proceeding easterly along said southerly line of Turk Street 249.333 feet to the TRUE POINT OF BEGINNING of this description;

THENCE proceeding easterly along said southerly line of Turk Street 164.667 feet;

THENCE proceeding southerly at right angles to the preceding course 113.25 feet;

THENCE proceeding westerly at right angles to the preceding course 164.667 feet;

THENCE proceeding northerly at right angles to the preceding course 113.25 feet to the TRUE POINT OF BEGINNING;

Being a portion of Lot 1 in Assessor's Block 759, upon which may be erected a central emergency operations/communications center.

The application shall state at the time of filing whether the permit is to include the partition and other tenant work for the entire building. If this work is not to be included, the valuation shall be reduced accordingly. The installation of such work shall then require permits for alteration work, the fees for which shall be in accordance with Subsection 3 below.

3. Alteration Work. The building permit fee for alterations and additions to an existing building shall be 1.3 times the fee from the new construction table for the first $100,000 of valuation and 1.25 times the fee from the new construction table for that portion of valuation in excess of $100,000.

When a permit for alteration work authorizes a structural addition to an existing building, thus requiring notification pursuant to Section 303(f), an additional fee of $12.00 shall be added to the total permit fee as hereinabove determined.

(b) Plan Review Fees. 1. General. A plan review fee shall be paid at the time of filing of an application for building permit for which plans are required pursuant to Section 302(b). The fee shall be based on the valuation determined by Section 304(a). For new and alteration work, the plan review fee shall be 65% of the new construction permit fee table.

[1]When the plans are for first-time tenant improvement work in a new building, and the value of such work was included in the valuation of the original building permit, the valuation for each alteration permit for part or all of such work shall be shown as $500 and only the minimum permit fee and plan review fee shall be collected.

4. Reduced Plan Review Fee. A. A reduced plan review fee shall be collected for reviewing plans identical to that filed within one year and for which the full plan review fee was paid. For this purpose, plans may be considered identical when they contain only such minor differences as exterior finishes on roof or wall sidings, or if they are identical but opposite hand. The reduced plan review fee for the second and each subsequent identical plans within the stated time period shall be 25 percent of the full fee as set forth in this section, but shall not be less than $15. To obtain this reduction the owner shall submit his copy of the original approved plans, for which the full fee was paid.

B. When the plans for a building are substantially changed at the initiation and option of the applicant, from those that have been submitted and reviewed, so as to constitute a new design both architecturally and structurally, the additional plan review fee shall be the fee indicated in the schedule of fees for the value of the entire part of the building affected by the changes.

C. A 20 percent reduction in plan review fees shall be applicable where a qualified third party is employed by the applicant to review and check for compliance with local and state law in those permit applications for new buildings with a valuation exceeding $2,000,000 or such figures as may be determined by the Superintendent and published in an Administrative Bulletin, for alteration permit applications for revisions during construction of the new shell building, and for the first tenant improvement in the unimproved space in the construction of a shell building at the option of the applicant, provided that:

(1) A qualified third party will review the entire plans for the building construction or alteration process, including addenda to Site Permits where applicable, and revisions to plans during construction in accordance with Administrative Bulletin No. B-79, and subsequent revisions thereof, issued by the Superintendent; and,

(2) A signed statement is submitted by the applicant stating that the same third party will be responsible for reviewing the plans to be submitted throughout the entire plan review process including the plans for any alteration permit application described hereinabove. The statement will also provide that the applicant will pay the entire plan checking fee which otherwise would have been required under Section 304(b) at the time of the submittal of the application in the event that the original third party does not complete the plan review for all the plans submitted by the applicant, except tenant work.

A third party plan review may be separated into the three separate categories of architectural, structural and energy (as defined by Administrative Bulletin No. B-79) reviews. In the event that not all categories are reviewed by the third party, the reduction of plan review fees shall be as follows: 7 percent for architectural plan review, 8 percent for structural plan review, and 5 percent for energy plan review. These percentages of reduction for each category of plan review may be modified periodically by the Superintendent, provided that such modifications be published and set forth in Administrative Bulletin No. B-79 or its revisions, and provided that any modification be reasonably related to a current evaluation of the staffing availability and nature of permit application plan review in the Bureau within the previous 6-month period.

For the purposes of this subsection, the shell of a building shall be the building, excluding all tenant improvements. Tenant improvements shall

include all those items within the space to be occupied or leased by the tenant or occupant such as, but not limited to lighting, partitions, floor covering, relocation of sprinklers, suspended ceilings, and decorations.

(c) Expiration of Plan Review. See Section 303(a).1.F.

(d) Investigation Fees: Work Without a Permit. Whenever any work, for which a permit is required under the provisions of this code, has been started without a permit subsequent to September 1, 1960 and where no specific additional fees are imposed as penalties as provided in this Chapter, a special investigation shall be made before a permit may be issued for such work.

An investigation fee equal to 9 times the permit fee called for in this code shall be collected at the time the permit is issued, in addition to the permit fee. The investigation fee shall not exceed $2,000. Where only part of a total job has been commenced without a permit, the investigation fee shall be based upon the amount of work done without a permit. The cost of any work on the building, in conjunction with the investigation, shall be borne by the owner.

If any person, firm or corporation, or agent thereof, or any person acting for or on behalf of either thereof, claims that the work without permit was done prior to September 12, 1960 such claim shall be made by filing a notarized affidavit together with substantiating data.

The person, firm or corporation, or agent thereof, or any person acting for or on behalf of either thereof, may appeal the amount of the investigation fee if he can provide just cause, such as unfamiliarity with this code or demonstrable negligence on the part of one of his employees. Appeals shall be filed with the Board of Permit Appeals in the manner provided in Part 3 of the San Francisco Municipal Code, which filing shall be subject to the fees and rules of the Board of Permit Appeals.

The Board of Permit Appeals, in reviewing the appeal of the investigation fee assessed for doing work without a permit, may reduce the amount of said fee but in no case shall such reduced investigation fee be less than 2 times the amount of the permit fee as called for in Section 304 of this code.

(e) Fee Refunds. 1. Permit Fees. When no work has been done and the project has been abandoned or the permit expired, the building permit fee paid, less $20, shall be refunded upon written request of the permit holder, when such request is made within one year of expiration.

2. Plan Review Fees. When an application is withdrawn, the plan review fee paid, less $20, may be refunded upon written request in the case when no site inspection had been made by Bureau personnel, and plan review had not started within any division of the Bureau. For other cases, the amount of refund, if any, shall be determined by the Superintendent, based on the amount of permit processing work already done on the application at the time it was withdrawn. Requests for refunds must be made within 30 days of withdrawal.

If the Superintendent determines that an error has been made in the assessment of fees, a refund for the portion determined to be in error may be made upon written request by the applicant.

(f) Strong Motion Instrumentation Fee. 1. General. Pursuant to the provisions of Section 2705 of the Public Resources Code of the State of California, a fee equal to 0.0001 times the valuation of the permit shall be collected for all permits issued, except for demolition and sign permits <u>for buildings containing Group R occupancies as defined in this Code not more than three stories in height, except hotels and motels; plus a fee equal to 0.00018 times the valuation of all other building types. The minimum fee shall be $1.00.</u> All such fees collected shall be handled in accordance with the provisions of Section 2706 of said Public Resources Code.

(2) Strong Motion Fund. That portion of the Strong Motion Instrumentation fee retained by the Bureau as provided for in Section 2705 shall be deposited into a special Strong Motion Revolving Fund established by the City Controller. Funds from this revolving fund shall be used, subject to the

approval of the Director and Chief Administrative Officer, to defray personnel and equipment costs incurred in carrying out the State mandate. The Strong Motion Revolving Fund shall continue from year to year, and shall not be included in the Cash Reserve Fund.

(g) Fee Review. The Director of Public Works shall cause an annual report of fees to be made and filed with the Controller as set forth in Section 3.17-2 of the San Francisco Administrative Code. The Controller shall review the report and file it with the Board of Supervisors along with a proposed ordinance readjusting the fee rates as necessary.

(h) Back Check Defined. Back Check is defined as: 1. that time spent checking applicant initiated revisions to plans regardless of their effect on valuation or scope and size of the project or 2. any additional plan check performed on required revisions to plans subsequent to the initial revision submittal.

(i) Back Check Fee. For each hour or fraction thereof, of time spent back checking, a back check fee of $42 shall be charged.

Section 2. Effective Date; Emergency Measure

The fee increase imposed by this Ordinance shall apply to all building permits issued on or after January 1, 1988.

This Ordinance is adopted as an emergency ordinance pursuant to Section 2.301 of the San Francisco Charter. The nature of the emergency is as follows. Senate Bill 593 amends Section 2705 of the Public Resources Code to increase the strong motion instrumentation fee for building permits for non-residential buildings effective January 1, 1988. State law requires the City and County of San Francisco to transmit proceeds of this fee to the State.

Hence the emergency ordinance is adopted to enable the City to comply with a requirement of State law within the time limits imposed by that State law.

[Mental Health Services]

AMENDING CHAPTER 15 OF THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING SECTION 15.7-1 THERETO, STATING STANDARDS FOR MENTAL HEALTH SERVICES.

Note: This entire section is new.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Chapter 15 of the San Francisco Administrative Code is hereby amended by adding Section 15.7-1 thereto, to read as follows:

SEC. 15.7-1. MENTAL HEALTH SERVICES.

(a) Legislative Intent. By enacting this section the Board of Supervisors declares its intent to more specifically delineate the long-range planning and budgetary uses of the San Francisco Community Mental Health Services Plan. This section shall be construed as an expression of the policy of the Board of Supervisors with regard to the Community Mental Health Services Plan, but shall not be construed as an enactment of specific legal provisions. Nothing in this section shall supplant existing law. Upon passage of this section, the Department of Public Health and the Health Commission shall take whatever steps are necessary to implement the policies contained in this section.

(b) Standards. Prior to the submission to the Board of Supervisors of the City and County budget, the Department of Public Health shall establish a mental health service priority schedule to be included in its San Francisco Community Mental Health Services Plan. ~~County Mental Health Plan~~.

The Plan shall intend as a goal, the reduction of reliance on acute hospital care through the development of a comprehensive range of noninstitutional community services which meet the California

/ / /

Mental Health Services Act mandate of provision of services in the least restrictive settings.

The County Mental Health Plan shall include:

(1) A stratagem for addressing any current over use of State hospitals, detailing specific steps necessary to assess the capacity of the City to operate within allocated State hospital patient days. This in no way is to preclude the City from arranging for increased State hospital allocations if required.

(2) A proposed maximum number of acute inpatient beds, exclusive of those at State hospitals, per 100,000 city population. This proposed use level shall be consistent with accepted state-wide standards for inpatient use, and shall reflect current use levels as well as any factors which uniquely affect inpatient utilization levels for San Francisco mental health clients.

(3) A proposed maximum number of skilled nursing care beds per 100,000 City population. The proposed use level shall be consistent with the policy to serve clients, to the maximum extent possible, within the City as well as the policy to serve mental health clients in least restrictive, community settings.

(4) A description of the range and type of community programs and services necessary to achieve the goal of reducing reliance on acute hospital services and other institutional levels of care. Emphasis shall be made on the use of mental health services to achieve the highest degree of independent functioning by clients in the community. The description shall reflect a commitment to the development of services, at all levels, which are responsive to the needs of cultural and linguistic minorities including implementation

of planning specifically for minority services. The range of service elements shall include, but not be limited to:

(A) Emergency services, crisis intervention, screening and evaluation;

(B) Levels of residential treatment services including acute alternatives, long-term residential services, transitional residential services, and cooperative housing programs;

(C) Day treatment services;

(D) Levels of vocational programs including pre-vocational services, transitional employment programs, and job placement;

(E) Outpatient services;

(F) Case management services which address the requirement for continuity of care and ongoing community support for a broad range of mental health clients;

(G) Socialization services;

(H) Housing programs, including support for clients who are living independently;

(I) Advocacy, including ongoing assurance of clients' rights protection; and

(J) Community outreach services, including consultation and education, community organization efforts.

(5) For each type of service described, there shall be stated an estimated minimum level of service necessary to achieve the goals of this section. This may be expressed in terms of beds per 100,000 population or full-time equivalent staff (F.T.E.) per 100,000. In addition, current levels of service in each category shall be compared to projected minimum level goals to establish areas of programmatic need.

(6) The development of the full range of required levels of care, including the implementation of maximum bed levels described in

(1) and (2) above, should be accomplished by July 1, ~~1989~~ 1990. This shall include an estimate of the cost of maintaining current levels of necessary services as well as required funding to provide the full range of required services described in the County Plan. This estimate shall include the identification of funding shifts from existing inpatient and skilled nursing categories to achieve the service goals for services described in Subsection (4) above.

(7) At all levels of the County Plan, specific attention shall be paid to addressing the current capacity, and the projected need, to assure cultural, ethnic and linguistic relevance and responsiveness of City and County mental health services. Specifically:

(i) All existing and new programs shall have bilingual and bicultural staffing in adequate proportions in relationship to their community population and need. At minimum, there shall be parity in terms of staffing on all levels including administrative, clerical and clinical. In addition, all non-minority staff who are involved in the provision of services to minority groups shall be qualified to do so.

(ii) All programs shall indicate the cultural relevance of the treatment procedures including the availability of services or programming in culturally relevant languages, sensitivity towards particular elements within the cultures served, in-service training of staffing for administrative, clerical and clinical staff, and minority consultation and supervision. All changes in programming shall address the specific effects of such modifications on minorities both linguistically and culturally.

(8) The range and type of services required to meet the special mental health needs of mentally disabled clients with substance abuse problems. Specific attention shall also be paid to the development of services to address the mental health issues related to AIDS and associated problems including mental health

clients with AIDS or ARC and mental health clients with AIDS or ARC and substance abuse.

(9) Programs serving children and adolescents shall follow the guidelines and principles set forth in this section and, in addition, shall meet the following criteria unique to this population:

(i) The programs shall, to the maximum extent feasible, be designed so as to reduce the disruption and promote the reintegration of the family unit of which the child is a part;

(ii) The programs shall have an education focus and shall demonstrate spcific linkage with community education resources; and

(iii) The programs shall contain a specific followup component

(10) The range and type of services required to meet the special mental health needs of geriatric clients and of children and youth.

(11) A plan for addressing, at all levels of service, the mental health needs of individuals in the criminal justice system.

(12) A plan for incorporating self-help concepts and significant involvement of consumer participation at all levels of service in the mental health system.

(13) A management plan to develop and implement a method of coordination of the entire range of services so that all levels of care are reviewed and monitored to assure continual accountability of all program elements in the effort to achieve system goals. This shall include the coordination of inpatient services at San Francisco General and Laguna Honda Hospitals with the full range of community resources.

(14) In recognition of the need to achieve coordinated patient care, interdepartmental cooperation and efficiency between Community Mental Health Services, Forensic Services, Community Substance Abuse Services and all other units of the Department of Public Health and Department of Social Services, Adult Probation, Juvenile Probation, Youth Guidance Center, Sheriff, Housing Authority and the San Francisco Unified School District, the Department of Public Health shall prepare a detailed plan to include:

(A) Definition of the service areas wherein mental health personnel will interact with the cooperating departments named above;

(B) A description of the services, their goals and objectives to be provided by Community Mental Health Services to each department and their clients;

(C) A description of the space and support services to be provided by the cooperating departments.

[Task Force to Promote Self-Esteem]

AMENDING CHAPTER 15 OF THE SAN FRANCISCO ADMINISTRATIVE CODE BY ADDING SECTIONS 15.12 THROUGH 15.12-6 THEREOF ESTABLISHING A TASK FORCE TO PROMOTE SELF-ESTEEM.

Note: All Sections are new.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Chapter 15 of the San Francisco Administrative Code is hereby amended by adding Sections 15.12 through 15.12-5 thereto, to read as follows:

SEC. 15.12. FINDINGS. Each year the City adopts legislation, supports programs, and appropriates substantial public funds to prevent or cure the adverse effects of many seemingly intractable social problems, including crime, violence, alcoholism, drug abuse, child abuse, teenage pregnancy, chronic welfare dependency, the inability of children to learn, and many other problems.

The City is by itself unable, nor is it the sole responsibility of the City, to solve all social problems. An important function of government is to provide information and education that enables its citizens to become self-sufficient.

Low self-esteem may well have a wide-ranging, negative influence on individual human conduct, the costs of which both in human and societal terms are manifested in a number of ways, many of which convert into significant expenditure of City funds. If so, these human costs and the costs to the City could be reduced by raising the self-esteem level of the residents of San Francisco.

It is necessary from time to time to enlist the vision, expertise, and voluntary commitment of private citizens in order to bring to public awareness the most valuable information on addressing social problems. This is best and most credibly accomplished by a broadly constituted, representative body of lay citizens where the single common denominator is their individual commitment to solving problems and, in this instance, to fostering high self-esteem and discovering the cures of lowered self-esteem.

SEC. 15.12-1. TASK FORCE ON SELF-ESTEEM CREATED. There is hereby established a Task Force on Self-Esteem, formed for the promotion of self-esteem and personal and social responsibility.

SEC. 15.12-2. MEMBERSHIP: APPOINTMENT; QUALIFICATIONS; COMPENSATION; RESIGNATION.

(a) Membership. The task force shall consist of 15 members, broadly reflective of the general public of San Francisco, including ethnic minorities, women, and persons from varying economic levels, all of whom have demonstrated abilities, vision, or experience in the enhancement of self-esteem and personal and social responsibility.

(1) Each member of the Board of Supervisors shall appoint one member for a total of eleven members.

(2) The Mayor shall appoint the remaining 4 members, and shall appoint the chair of the task force from its 15 members.

(b) Qualifications. In making appointments to the task force, the members of the Board and the Mayor shall appoint

persons from varying backgrounds. Appointments shall be made from among San Francisco residents who have demonstrated abilities, vision or experience in the promotion of self-esteem and personal and social responsibility. Be it ordained by the People of the City and County of San Francisco:

Section 1. Chapter 16 of the San Francisco Administrative Code is hereby amended by adding Article XIIA thereto, to read as follows:

/ / /

/ / /

/ / /

SEC. 16.520. "LOBBYIST" DEFINED.

The following persons are deemed to be lobbyists and shall be subject to the provisions of this Article:

(a) Any person, business entity or other organization, including an individual contract lobbyist, which contracts for economic consideration to communicate with any officer of the City and County of San Francisco for the purpose of influencing local legislative or administrative action on behalf of any other person.

(b) Any business or organization any of whose employees or members, as a regular part of their duties or employment, communicate with any officer of the City and County of San Francisco for the purpose of influencing local legislative or administrative action on behalf of that business or organization. The requirements of this Article shall not apply where employees or members indicate affiliation or identification with a business or organization, but do not represent the official position of the business or organization.

(c) Any person who directly or indirectly expends one thousand dollars ($1000) or more in value in any calendar quarter to influence local legislative or administrative action. Payments made to any person as consideration for communicating with an officer of the City and County for the purpose of influencing local legislative or administrative action shall not be included in calculating expenditures for the purposes of this subsection.

SEC. 16.521. THRESHOLDS.

(a) No person shall be deemed a lobbyist under Section 16.520, subd. (a), unless that person receives or becomes

entitled to receive at least one thousand dollars ($1,000) total compensation in any month for influencing local legislative or administrative action or has at least 25 separate contacts with officers of the City and County for the purpose of influencing local administrative or legislative action within any two consecutive months.

(b) No business or organization shall be deemed a lobbyist under Section 16.520, subd. (b), unless it compensates its employees or members for their lobbying activities on behalf of the business or organization, and the compensated employees or members have at least 25 separate contacts with officers of the City and County for the purpose of influencing local legislative or administrative action within any two consecutive months.

2/1/88
ep

"Total compensation" shall be calculated by combining all compensation received during the month from all clients for all lobbying activities on all targeted local legislative and administrative actions. "Total number of contacts" shall be calculated by combining all contacts made during the two-month period on behalf of all clients for all lobbying activities on all targeted local legislative and administrative actions.

SEC. 16.522. EXEMPTIONS.

The term "lobbyist" shall not include:

1. A public official acting in an official capacity;

2. A newspaper or other regularly published periodical, radio or television station (including any individual who owns, publishes or is employed by any such newspaper or periodical, radio or television station) which in the ordinary course of business publishes news items, editorials, or other comments, or paid advertisements, which directly or indirectly urge action upon local legislative or administrative action, if such newspaper, periodical, radio or television station or individual

engages in no further or other activities in connection with such legislative or administrative action;

3. A person acting on behalf of others in the performance of a duty or service, which duty or service lawfully can be performed for such other only by an attorney or an architect licensed to practice in the State of California, and including any communication by an attorney concerning the settlement of a lawsuit involving the City and County;

4. A person invited by or on behalf of any officer of the City and County to confer, consult or give testimony in aid of the officer extending the invitation;

5. A person appearing with respect to local legislative or administrative action pursuant to a procedure established by State or Federal law, or pursuant to any procedure established by ordinance for levying an assessment against real property for the construction or maintenance of an improvement; and,

6. A person applying for, opposing or otherwise taking any position on a grading permit or a permit relating to the construction, alteration, demolition or moving of a building or to a person filing, opposing or otherwise taking a position on a parcel map or subdivision tract map; provided, however, that if a person qualifies as a lobbyist and that person takes or opposes an appeal or represents a person taking or opposing an appeal, pursuant to any procedure or authority provided by law from an administrative determination made with respect to such an application or map, that person shall be required to register as provided in Section 16.524 upon taking the appeal or filing opposition to it.

7. A person employed by a lobbyist registered under this Article to provide expert testimony before an officer of the City

and County.

SEC. 16.523. DEFINITIONS.

Whenever used in this Article, the following words and phrases shall be as defined in this section:

(a) "Economic consideration" shall include reimbursement for expenses incurred. A person shall be deemed to be employed as a lobbyist whether consideration is paid specifically for activity regulated by this Article or other activity as well.

(b) "To communicate" shall include to communicate directly or through an agent, associate or employee, but shall not include (1) appearing as a witness in, or providing written statements which become part of the record of, a public hearing so long as the lobbyist identifies the client or clients on whose behalf the lobbyist is speaking or writing; or (2) the distribution to any officer of the City and County of any regularly published newsletter or other periodical which is not primarily directed at influencing local legislative or administrative action. A "public hearing" shall include any open, noticed proceeding where a public record is kept of who testified and who was represented by a lobbyist testifying at that hearing.

(c) "Officer of the City and County" shall include any official defined in San Francisco Charter Section 1.103, as well as any official body composed of officers of the City and County.

(d) "To expend" means to pay, distribute, loan, advance, deposit, or give money or anything of value, whether directly or indirectly, for the purpose of influencing local legislative or administrative action, and includes a contract, promise, or agreement, whether or not legally enforceable, to make an expenditure.

(e) "Local legislative or administrative action" includes the drafting, introduction, consideration, modification, enactment, defeat, approval, veto, granting or denial by any officer of the City and County of any resolution, motion, appeal, application, petition, nomination, ordinance, amendment, approval, referral, permit, license or entitlement to use. "Local legislative or administrative action" does not include any action by any officer of the City and County which adjudicates the rights and/or duties of a single individual (or group of individuals when individual proceedings are consolidated) other than a proceeding described in Section 16.522, subd. (6).

(f) The terms "quarterly" or "quarter" or "calendar quarter" mean the annual calendar quarters of the year, namely, the time periods encompassed by January 1 - March 31, April 1 - June 30, July 1 - September 30, and October 1 - December 31, respectively.

(g) The term "public official" as used in Section 16.522 shall include an elected or appointed officer or employee or officially designated representative, whether compensated or not, of the United States or any of its agencies, the State of California, any political subdivision of the State, including cities, counties, districts, or any public body corporate and politic, agency or commission.

(h) "Client" means the real party in interest for whose benefit the services are actually performed. The "client" of a lobbyist qualified under Section 16.520(b) shall be the business or organization; the "client" of a lobbyist qualified under Section 16.520(c) shall be the individual. An individual member of an organization shall not be deemed to be a "client" solely by reason of the fact that such member is individually represented

by an employee or agent of the organization as a regular part of such employee's or agent's duties with the organization and so long as such member does not pay an amount of money or other consideration for such representation in addition to the usual membership fees.

(i) "Activity expense" means any expense incurred or payment made by a lobbyist or a lobbyist's client, or arranged by a lobbyist or a lobbyist's client, which benefits in whole or in part any officer of the City and County, candidate for municipal office, or a member of the immediate family of one of these individuals. "Activity expenses" include gifts, honoraria, consulting fees, salaries, and any other form of economic compensation totalling more than twenty dollars ($20) in value in a calendar month, but do not include political contributions.

SEC. 16.524. REGISTRATION OF LOBBYISTS.

(a) No lobbyist shall communicate with an officer of the City and County for the purpose of influencing local legislative or administrative action without first registering with the Clerk of the Board of Supervisors. The Clerk of the Board shall issue a registration number to each lobbyist and indicate thereon the expiration date of the registration, which shall be one year after the last day of the calendar quarter in which registration occurs.

(b) At the time of registration or re-registration, each lobbyist shall pay an initial fee of thirty-five dollars ($35.00) and an additional fee of fifteen dollars ($15.00) for each client identified by the lobbyist at said time. When a client is acquired subsequent to registration or re-registration, a fifteen dollar ($15.00) fee shall accompany the filing of the information

required herein. The Clerk shall waive these fees for any organization presenting proof of its tax-exempt status under 26 U.S.C. 501(c)(3) or 501(c)(4).

(d) In order to maintain an active registration, a lobbyist shall re-register between the first and last day of the month in which the registration expires.

SEC. 16.525. REGISTRATION REPORTS.

(1) the name, address and phone number of the lobbyist;

(2) If the filer is a business or organization qualifying under Section 16.520(b), a specific description of the business or organization in sufficient detail to inform the reader of the nature and purpose of the business or organization.

(3) If the filer is an individual qualifying under Section 16.520(c), the name and address of the filer's employer, if any, or his or her principal place of business if the filer is self-employed and a description of the business activity in which the filer or his or her employer is engaged.

(4) the name and address of each current client;

(5) the proposed local legislative or administrative action the lobbyist is employed to support or oppose, and the client on whose behalf the lobbyist is employed for each proposed local legislative or administrative action;

(6) the names of all individuals communicating with any

officer of the City and County on behalf of the lobbyist; and,

(7) Any other information required by the Clerk of the Board of Supervisors consistent with the purposes and provisions of this Article.

(b) The lobbyist shall also, within 30 days after initially registering or after first registering on behalf of a particular client, submit to the Clerk of the Board a written authorization from each client by whom the lobbyist is employed to act in furtherance of such object, including the local legislative or administrative action the lobbyist has been employed to support or oppose. Client authorizations need not be re-submitted at the time of re-registering.

(c) Should services be engaged or terminated by any client subsequent to registering or re-registering, the same information with respect to that client shall be filed by the lobbyist before acting on behalf of that client and no later than fifteen (15) after the change in status. A person who ceases all activity as a lobbyist may notify the Clerk of the Board of that fact and, upon reporting the information required by subsection (a) above, occurring since the lobbyist's last quarterly statement or since the commencement of the subject employment, whichever is applicable, shall be relieved of the obligation of making future reports required by this Article until again acting as a lobbyist.

SEC. 16.526. ACTIVITY REPORTS.

At the time of registration or re-registration, and between the first and 15th day of each calendar quarter so long as that person's registration continues, each lobbyist shall shall file

This report shall include all political contributions arranged by the lobbyist, or for which the lobbyist acted as an agent or intermediary.

(c) Any other information required by the Clerk of the Board of Supervisors consistent with the purposes and provisions of this Article.

SEC. 16.527. OBLIGATIONS OF LOBBYISTS.

Any person who qualifies as a lobbyist under Section 16.520 shall have the following obligations:

(a) Not to act as a lobbyist unless registered pursuant to this Article, and not to accept any economic consideration for acting as a lobbyist except upon condition that the lobbyist forthwith register in accordance with this Article.

(b) Not to cause or influence the introduction or initiation of any local legislative or administrative action for

the purpose of thereafter being employed to secure its granting, denial, confirmation, rejection, passage or defeat.

(c) Not to communicate with any officer of the City and County in the name of any fictitious person or in the name of any real person, except with the consent of such real person.

(d) To retain all books, papers and documents necessary to substantiate the financial reports required to be made under this Article for a period of five years.

A lobbyist shall not attempt to evade these obligations through indirect efforts or through the use of agents, associates or employees.

SEC. 16.530. FILING UNDER PENALTY OF PERJURY.

All information required under this Article shall be filed with the Clerk of the Board of Supervisors, on forms provided by the Clerk. The individual filing shall swear to the accuracy and completeness of the information under penalty of perjury.

SEC. 16.531. POWERS AND DUTIES OF THE CLERK OF THE BOARD.

(a) The Clerk of the Board shall issue a "Notice of Registration Required" upon the written request of any officer of the City and County. Any person who in good faith and on reasonable grounds believes that compliance with this Article is not required by reason of being exempt under Sections 16.521 or 16.522 shall not be deemed to have violated the Article if, within 15 days after notice from the Clerk of the Board of Supervisors, that person either complies or furnishes satisfactory evidence to the Clerk of the Board evidencing that said person is exempt from registration.

(b) The information provided in registration and activity reports filed pursuant to this Article shall be compiled by the Clerk of the Board as soon as practicable after the close of each quarter with respect to which such information is filed and shall be forwarded to the Board of Supervisors with a copy thereof to the Mayor.

(b) Should two or more persons be responsible for any violation under this Article, they shall be jointly and severally liable.

(c) The City Attorney may also bring an action to revoke for up to one year the registration of any lobbyist who has knowingly violated this Article.

No civil action alleging a violation of this Article, as provided in Section 16.532, shall be filed more than four years after the date the violation occurred.

SEC. 16.534. SEVERABILITY.

If any section, subsection, subdivision, sentence, clause, phrase, or portion of this Article, or the application thereof to any person, is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Article or its application to other persons. The Board of Supervisors hereby declare that it would

(Signs in Showplace Square)

AMENDING PART II, CHAPTER II OF THE SAN FRANCISCO MUNICIPAL CODE (CITY PLANNING CODE) BY ADDING SECTION 608.12 TO CREATE THE SHOWPLACE SQUARE SPECIAL SIGN DISTRICT IN THE AREA GENERALLY BOUNDED BY POTRERO, TENTH STREET, NINTH STREET, BRYANT, SEVENTH STREET, KING, DE HARO, CAROLINA, EIGHTEENTH STREET, MARIPOSA, KANSAS, SEVENTEENTH STREET, VERMONT AND SIXTEENTH STREET.

Note: The entire section is new.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Part II, Chapter II of the San Francisco Municipal Code (City Planning Code) is hereby amended by adding Section 608.12 to read as follows:

SEC. 608.12. In Showplace Square. There shall be a special sign district known as the "Showplace Square Special Sign District," as designated on Sectional Map SSD of the Zoning Map of the City and County of San Francisco.

(a) Purposes and Findings.

In addition to furthering the purposes stated in Sections 101 and 601 of this Code, creation of the Showplace Square Special Sign District is intended to facilitate the transition of the Showplace Square area from its former industrial character to an area of design showrooms. Presently, wholesale and trade design showrooms and accessory uses have located in this area, replacing industrial type uses. The showroom type activities enhance the Showplace Square area and attract investments, development and other design improvements.

advertising signs in the area is no longer appropriate and detracts from the emerging quality and character of the area.

(b) Regulations. Within such special sign district:

1. No general advertising sign shall be permitted.

Section 2. The San Francisco Board of Supervisors hereby finds that this ordinance is consistent with the Priority Policies in Section 101.1 of the San Francisco Municipal Code (City Planning Code). A prohibition on general advertising signs in the area has no adverse effect on its character since it does not concern a change or removal of uses, no neighborhood serving business in the area depends on billboard revenue for continued operation, and the preclusion of billboards will prevent obstruction of views.

Section 3. The Board of Supervisors acknowledge that nothing in this legislation affects or requires removal of existing signs in the Showplace Square Special Sign District because 1) section 604(h) of this Code permits a lawfully existing sign to remain until the end of its normal life unless otherwise provided in this Code, 2) section 609 of this Code permits a lawfully existing sign to remain until the end of its normal life except as specified in sections 609.1 through section 609.12 of this Code, and 3) the existing signs do not fall within the removal provisions found at sections 609.1 through 609.12 of this Code.

construction or completion by the city and county of the hereinafter described municipal improvements in the amounts and for the purposes stated:

PUBLIC SCHOOL FACILITIES SYSTEM IMPROVEMENT BONDS, 1988, $90,000,000 to pay the cost of additions to and improvement of the public school facilities of the City and County of San Francisco, including the acquisition, construction and reconstruction of public school facilities and all other works, property and structures necessary or convenient for such improvements and additions to the public school system of the City and County of San Francisco.

Section 2. The estimated costs of each of the municipal improvements described in Section 1 hereof were fixed by the Board of Supervisors by the following resolution and in the amount specified:

Public School Facilities System Improvement Bonds, Resolution No. 31-88, $90,000,000.

That said resolutions were passed by two-thirds or more of the Board of Supervisors and approved by the Mayor, and in each said resolution it was recited and found that the sums of money specified were too great to be paid out of the ordinary annual income and revenue of the city and county in addition to the other annual expenses thereof or other funds derived from taxes levied for those purposes and will require expenditures greater than the amounts allowed therefor by the annual tax levy.

The method and manner of payment of the estimated costs of the municipal improvements described herein are by the issuance of bonds of the City and County of San Francisco in the principle amounts not to exceed the principal amounts specified.

Section 2. The provisions of this ordinance shall not apply to a proposed elderly housing/senior center development sponsored by a non-profit entity and funded in part by government grants, to which the necessary permits were issued by the City and County of San Francisco prior to January 1, 1988 and remain valid under applicable provisions of the Building Code.

Section 3. The Board of Supervisors hereby finds that the proposed ordinance, on balance, is consistent with the Priority Policies of City Planning Code Section 101.1 in that this zoning map amendment: (1) would not affect neighborhood-serving retail uses or employment opportunities because the subject area is zoned residential; (2) would discourage demolition of existing housing for new development and preserve the small-scale building fabric of the neighborhood located on the east slope of Russian Hill; (3) would discourage demolition of existing affordable housing and replacement with new large-scale development and the exemption of the proposed senior housing/senior center development would allow development of approximately 70 units of affordable housing for seniors and a senior center for needed

social, recreational, educational, and congregate feeding programs in the Chinatown/North Beach area; (4) would reduce the potential building envelope and therefore decrease potential traffic and parking impacts; (5) would not effect commercial or industrial development; (6) would encourage the retention of existing buildings rather than replacing them with new structures built in conformity with current seismic standards; (7) would serve to maintain the scale and character of the east slope of Russian Hill, including its landmarks and historic buildings, and reduce the incentive for large new development; and (8) would prevent buildings exceeding 40 feet in height and thus protect access of sunlight in parks and open space.
